CORRESPONDENCE.

THE PROPOSED PASTEUR INSTITUTE FOR THE STRAITS.

To the Editor of the "CHINA MAIL."

Sir,—The recent offer of the Chinese Consul at Penang to present a Pasteur Institute for the Settlements and neighbouring regions, though undoubtedly prompted by the best motives, is very greatly to be deplored, both on account of the serious peril it would be to the human population and of the enormous amount of terrible suffering it would inflict upon dogs, and probably on other poor animals also.

The numerous philanthropists who made this offer presumably do not realize that by building the suggested Institute they would be creating an "inferno" where dogs would be subjected to torture of the most awful and appalling description. And probably neither he nor those who hold him as a benefactor are aware that the Pasteurian anti-rabies treatment, far from being a cure for hydrophobia, either gives the very disease it professes to cure or has no effect at all. The death-roll of its human victims is a mighty one. I have before me a list containing names of nearly 2,000 persons known to have died from the effects of the Pasteur inoculations; and, no doubt, as many more have similarly died of the horrible and deadly poison put into their blood, of whom no record is to hand. This "cure" bears no resemblance to a successful remedy!

The statistics of the Pasteur Institutes are entirely misleading, for they include all those persons who, not having died under treatment, are entered as "cured," although a vast number of them have, as I have shown, succumbed to the very disease they dreaded after being turned out as "cured," and a very large proportion who have been "cured" of a disease which they never had at all, having suffered simply from unfounded and silly speculations.

Pasteur Institutes are exceedingly lucrative speculations, and are, therefore, advocated by those interested and pushed by means of rabies-cures and their influence upon the ignorant, panic-stricken and credulous public; but, though very profitable, the fashionable craze of the day in medical circles, yet "asturism" is now, with many another obsolete quackery, a discredited system, condemned by a large and increasing number of eminent medical men as useless, unscientific and extremely dangerous.

There is a perfectly harmless and safe cure for hydrophobia in the Buisson bath treatment, which is really a cure and involves no danger to man and no cruelty to animals. It is the invention of a French doctor, while M. Pasteur was merely a chemist. Buissonism is, like the water of Jordan, too simple to find favour with those scientists who scorn every remedy that does not entail "research" into the mangled and mutilated, quivering and agonized bodies of our fellow creatures the animals; but Pasteurism is the cruel and shameful torturing of dogs, and is therefore wrong and absolutely unjustifiable, and wherever Pasteur institutes are there hydrophobia prevails and spreads, while Buissonism is humane and safe, and is therefore advisable and right.

It is earnestly to be hoped, both in the interests of humanity and of mankind, that before too late a Buisson establishment will be substituted for the proposed Pasteur Institute.—Yours, etc.,

C. A. M. BAILEY,
Hon. Secretary,
National Canine Defence League,
27, Regent Street, London, S.W.,
August 13, 1905.

A SAFE REMEDY FOR ALL SKIN AND BLOOD DISEASES

If you suffer from any disease due to an impure state of the blood, from whatever cause arising, you should test the value of Clarke's Blood Mixture, the world-famous Blood Purifier and Restorer. This medicine has won its reputation, and is the most popular remedy ever, the reason of this being undoubtedly because this wonderful remedy does what it professes to do—it cures skin and blood diseases permanently.

Clarke's Blood Mixture

IS THE FINEST BLOOD PURIFIER EVER DISCOVERED.

It is warranted to cleanse the blood from all impurities, from whatever cause arising. For SCORFULA, SOREY, ECZEMA, BLOOD POISON, ULCERS, SKIN & BLOOD DISEASES, BAD LEGS, BLOTCHES, SPOTS, BLACKHEADS, PIMPLES, AND SORES OF ALL KINDS.

NOTE.—This mixture is pleasant to the taste and warranted FREE FROM ANY AND EVERY INJURY TO THE MOST DELICATE CONSTITUTIONS of either sex, from infancy to old age, and the Proprietors solicit patients to give it a trial to test its value.

Thousands of wonderful cures have been effected by it.

TRIED MANY THINGS WITHOUT BENEFIT UNTIL I TOOK CLARKE'S BLOOD MIXTURE.

Mr. F. E. Lewis, 48, Bridge Street Row, Chester, writes:—Just as I was in favour of Clarke's Blood Mixture. I had come from seven months, and tried many things without benefit until I took your remedy. After the eighth bottle I was quite well again, and the Proprietors solicit patients to give it a trial to test its value.

Thousands of wonderful cures have been effected by it.

INQUIRIES IN THE PRESS.—We have seen hosts of letters from all sorts and conditions of people, in which the writers acknowledge the benefit they have received from Clarke's Blood Mixture, which as a curative agent cannot be too highly estimated, since it cleanses and clears the blood from all impurities, and restores it to its normal condition. This is a good testimonial from the Family Doctor, the popular medical weekly, which goes on to say: "It is certainly the finest blood purifier that science and art have brought to light, and we can with the utmost confidence recommend it to our subscribers and public generally."

Sold by all Chemists and Patent Medicine Vendors throughout the World.

Ask for CLARKE'S BLOOD MIXTURE and beware of worthless imitations and substitutions.

Intimations.

YARROW'S SHALLOW DRAFT STEAMERS.

STEAMSHIP STEAMERS have been found by experience to be the best type of vessel for shallow river navigation under many conditions of working, and of these Messrs. YARROW have built a very large number of successful examples for all parts of the world.

Vessels on this system are constructed when required, to draw as little as 10 inches.

The construction of shallow river vessels propelled on various systems has been made the specialty of Messrs. YARROW & Co., Ltd.

For particulars apply to YARROW & CO., LTD., Shipbuilders, POPLAR, LONDON.

HONGKONG, SATURDAY, SEPTEMBER 23, 1905.

OUR DUMB OFFICIALS.

It has always been a source of

complaint in Hongkong, that the

powers of debate exhibited in our

Legislative Council are usually of a

very second rate order. Seldom do we

have any stirring oratory, and when

any that might be described as rising

above the ordinary dead level accident-

ally effort comes it emanates solely from

one or two quarters—the Governor or

the unofficial members. The officials

invariably sit like the proverbial

oyster, opening their mouths for no

other purpose than to say 'yes,' or 'no,'

when a vote is asked, or perhaps, to

yawn. Their contributions to *Han-*

sard never tire the stenographer, nor

distress themselves, and their real opi-

nions upon questions of public moment

are kept hidden in the remotest corners

of their hearts. They consistently vote

in response to the gubernatorial finger-

post and the public cannot be blamed

for presuming that votes are very

often given in direct opposition to

beliefs. This stultification of personal

opinion is the worst feature of

Crown Colony Government, and there

must be stultification because it

is manifestly impossible for pure

conscientious conviction to cause of-

ficials to rank themselves solidly

on the side of the Government

and against the unofficials on every

question that requires to be voted upon.

Unofficials are often to be found

divided—some on the side of the

Government and some against—but

how many times do we see officials

having the courage to stick to principles

and opinions and go against the Govern-

ment? We make bold to say in the

colloquial 'not once in a blue moon.'

The argument will probably be adduced

that they cannot quarrel with their

bread and butter. They are not asked

to do that by the British Government,

and any one who suggests such a thing

libels the Constitution. What the

British Government asks for is the

passage of just legislation, and the

government of Colonies in the best

interests of the people. No man is

asked by the Home Government to

subject his convictions to the demands

of any ephemeral Colonial Government,

and if any Colonial Government does

such a thing it is acting in distinct con-

travention to the charter bestowing

upon the people liberty of thought and

freedom of speech. That men do not

vote in accordance with the dictates

of their conscience is obvious, but

generally it is not because they are

directed so to do. They support the

Government in wise and unwise leg-

islation simply because they lack the

courage to do otherwise. Were such

not the case we would not have a

Statute Book crammed and overbur-

dened with useless legislation. Only

recently we saw two measures struck

off the books as unworkable; and how

many more are there that ought to be

wiped out, or at least amended? The

truth is there is not enough discussion

in the Chamber. Bills are introduced,

and because the Government is at the

back of them the official members ac-

cept them as being 'good enough,' or

'alright.' They worry little about the

merits or demerits care nothing

for the incidence. They know they

save themselves trouble, and safeguard

themselves by saying 'aye,' when the

Governor wants 'aye,' and 'nay' when

'nay' is the word. *N'est pas?* In-

stead of this leading-string system let

us have some open and honest expres-

sion of opinion. There is considerable

room for it—and criticism even from

the Government benches will not be

amiss. It might startle the Governor

for a time and surprise the people, but

it will do an immense amount of good

and tend to keep the Statute Book

free from encumbrances. These re-

flexions have been inspired by the

proceedings at Thursday's Legislative

Council meeting. We then had the

policy of the Government roundly

criticised on many points, and not one

official member uttered a protest, a

word of explanation, or defence. Is

that not surprising in view of the fact

that the whole of the officials voted

solidly against the whole of the unof-

ficials on the estimate connected with

the Widows' and Orphans' Fund?

Verb sap.

This is from a provincial paper:—Want-

ed a respectable man to look after a garden

and milk a cow who has a good voice and is

accustomed to sing in the choir.

At last, remarks the Singapore Free

Press, the secret is let out of the bag. We

never could understand before the vagaries

of the human voice in the village choir.

Mr W. Evans is returning to Singapore

as Colonial Treasurer. Dr Lucy becomes

Colonial Surgeon-Resident, Penang; Dr

Sheppard Colonial Surgeon, North, Pro-

vince Wellesley, and Dr D. M. Ford, Su-

perintending Colonial Surgeon, Singapore.

Lieut. A. R. J. Dewar, M.S.G., will be

acting assistant superintendent of Police,

and his name has been added to the list

of Justices of the Peace.

A petition to be presented to the Com-

monwealth Parliament by the State of

New South Wales praying for the prohibition

of the further importation of opium into the

Commonwealth for other than medicinal

purposes had been completed by the time

the last mail left Australia. Close on 60,000

signatures were obtained, and it was

understood that that number would be

considerably added to by the time the

delegates left for Melbourne. Six delegates

PARIS LETTER.

Paris, August 17.
The sudden death of Lady Sherborne, wife of Lord Sherborne, in the Gardens of the Yacht Club at Cowes, during the fête of the entente cordiale, has caused much grief amongst the Anglo-French Colony of Paris, where her Ladyship was very much beloved and respected. The deceased lady was the daughter of the late Baron de Stern, one of the oldest Jewish noble families in Europe. She, like her cousin, Lord Wandsworth, and her brother, Lord Pilsbury, and her sister, the Dowager Countess of Orkney, became a fervent and conscientious member of the Church of England. She was very wealthy, but gave much of her wealth to the poor and suffering, taking no heed to creed or nationality. Even any case of need was sufficient to call forth her sympathy and practical help.

Monsieur Alberto Santos-Dumont, the famous inventor of the airship, is about to visit Hongkong in the Autumn. He is the son of a wealthy coffee planter, and was born at Brazil just thirty-two years ago. He devoted himself as a boy to air-ships, and after years of study, experiments, and expense, succeeded in making an airship that could be navigated in the air. It obtained the 50,000 dollar prize at Paris in 1901 which was offered by Dr. Deutsch, and performed the remarkable feat of sailing round the Eiffel Tower, the tallest monument in Europe.

The magnificent reception given by the King and people to the French Fleet at Portsmouth and London has called forth unstinted praise and joyful surprise from all the French Press, the anti-English papers included. Now there comes a little breeze that all earnestly hope will not end in a storm. The British Astronomical Expedition sent out by the Royal Greenwich Observatory to Algeria for Astronomical researches, was accompanied by the British cruiser "Venus." General Torcy, Commander-in-Chief of the French forces in Algeria, has refused to allow the French cruiser to station in the Bay. This refusal to the British ship has caused much indignation and discontent amongst the inhabitants as the General has allowed the American cruiser, "Dixie" to station at Bona.

The heat in Paris is intense, and exceeds that of Hongkong. Many persons have been struck down by sun-stroke, and several persons daily succumb to the heat.

It caused quite a nine days' wonder recently when London heard that two of its favorite Music Hall singers died leaving large fortunes. Much was written at the time contrasting the extreme poverty of the English Clergy, men of gentle birth, University education, and cultured tastes, working hard on less than a footman's wage, and illiterate Music Hall artists earning their ten thousand pounds a year. Now Paris beats the record. Gabriel Souleiroix, the popular singer at the Opera Comique has just died, leaving a fortune of nearly two millions of francs.

The Bishop of Victoria is in London at the present time looking out for clergy and Missionaries to work in Hongkong. A well-known clergyman, now resident in Paris, will probably be going to Hongkong before long.

The owners of property and business people on the Grand Boulevards at Paris sent a numerous signed petition to M. Lepine, the Prefect of Police, asking for some measures to be taken to stop the disgraceful scenes that take place during the day and night. They complain that respectable people cannot promenade the Boulevards now and that their business is affected to a considerable extent. Owing to this petition there has been an attempt at what the French newspapers call "epuration" of the principal streets at Paris. Every night for the past week two to three hundred persons have been arrested "for offence to morals." But things are bad as ever. There are in Paris more than 70,000 registered prostitutes, and double that number unregistered, who make a little pretence at working to spare themselves the registration. The Prefect of Police admits the crying evil, but despairs of things being better unless more stringent laws are passed. In many cases the police are unable to punish the malefactors owing to the victims, in most cases English and Americans, who object to their names being put in the papers, and refuse to prosecute. It is just this fear that is one of the strong aids to, what the Paris slang terms, "Chantage," or the worst form of blackmail.

Owing to the excessive heat in Paris 700,000 persons have left by the various railway stations for the sea side or country. Yet Paris is full of English and American trippers. Nearly 47,000 were registered a week ago. This number is exclusive of residents, who number nearly 30,000. There is the American quarter and the English quarter in Paris now.

Indications of Rheumatism.

SORE and swollen joints, sharp, shooting pains, torturing, unable to rest, no sleep, that means rheumatism. It is a stubborn disease to fight, but Chamberlain's Pain Balm has conquered it thousands of times. One application gives relief. There is every prospect of the rheumatism, continuing its good work. Sold by all Druggists, and by J. C. & Co., Ltd., General Agents.

SPORTING.

The V.R.C. Aquatic Sports.

The V. R. C. aquatic sports were continued yesterday. The attendance was again fairly large and the racing good. Most interest was centred in the 200 yards Championship of the Colony which was won by J. Wittichell, N. H. Alves being second. Wittichell could have won with greater ease than he did, as he contented himself with keeping level with Alves until the finish was approached, when he moved ahead and won by about one and a half lengths. The time was twenty-two seconds outside the English record for the distance. The handicapping was again good, close finishes being the rule, not the exception. The plunger by Razack (67 feet 9 inches) was a very good one and will probably stand long as a Club record.

The results were as follow:—

HURDLE RACE. (four hurdles.)

First Heat:—The starters were:—O. E. V. Harrop (owes 8), C. F. Ozorio (owes 11), P. M. Remedios (owes 16), J. Wittichell (owes 20).

Harrop failed to clear the hurdles at all well, with the result that Ozorio caught him in the first length. Remedios also passed him and challenged Ozorio but the latter kept along nicely and won by a very small margin. J. Wittichell being third, about half a yard distant. The latter swam finely. Time 54 secs.

SECOND HEAT: The starters were:—

H. H. Carroll (go), J. W. Bains (owes 11), J. M. R. Pereira (owes 12), R. C. Wittichell (owes 17), H. C. Sayer (owes 17).

Carroll made the most of his advantage but Bains decreased his lead considerably in the first lap, while Pereira and Wittichell also made up a good deal on the leader. Carroll was ahead until the last hurdle, which he and Bains cleared together, was reached. In the swim home the latter gained about half a yard and won by that distance. Time 52½ secs.

BOYS' RACE. (12 to 15 years of age.)

Longths (Handicap). Post Entries. Sons or Brothers of Members only admitted.

The starters were:—Albert Ellis (owes 22), Arthur Ellis (owes 15), and H. Livesey (22). Livesey swam pluckily but Albert

couple of yards. Livesey just beating Arthur Ellis for second place. Time 55½ secs.

CHAMPIONSHIP OF THE COLONY 200 YARDS.

(Six Lengths). Open to all comers.

The starters were:—Nemesio Alves, J. Wittichell, and J. M. R. Pereira.

The race was between Wittichell and Alves entirely. The former was swimming well within himself the whole time, and looked like winning all the way. Alves set a good pace which was too fast for Pereira, who retired in the middle of the third length. There was not a yard between the other two until the finish was reached when both men spurred for home. Alves failed to gain on Wittichell and the latter won a well-judged race by about one and a half lengths in 2 min. 42 secs. Being 8 secs. slower than last year. The winner was loudly applauded while Alves was also commended for his plucky fight against his formidable opponent.

RUNNING HEADERS FROM SPRING BOARD.

The competitors were:—M. A. Razack, M. A. Figueiredo, J. H. R. Hanco, M. A. R. Souza, F. W. White, J. Wittichell, C. E. V. Harrop.

The best diving was shown by Harrop, Wittichell and Souza, and Harrop won by the narrow margin of one point from Wittichell. Souza, who dived very well, was placed third, his last dive being poor. The diving was only fairly good; but Harrop showed considerable improvement on his former efforts.

THREE-LEGGED RACE (ONE LENGTH).

The starters were:—E. Humphreys and J. Wittichell, J. M. R. Pereira and A. H. Carroll, H. C. Sayer and M. A. R. Souza, H. H. Hanco and H. S. Holmes, and P. M. Remedios and A. V. Barro.

Considerable amusement was caused by this event. Wittichell's partner was small and light, which enabled the former to draw him along. They won by a couple of yards from Remedios and Barro, who were but little in front of Sayer and Souza.

PLUNGING.

The starters were:—M. A. Razack, M. A. Figueiredo, J. H. R. Hanco, H. C. Sayer, R. C. Wittichell, M. A. R. Souza, F. W. White, J. Wittichell, and J. A. S. Alves.

The brothers Wittichell plunged well and led until the second round when Razack covered 67 feet 9 inches (the world's best is 82 feet). J. Wittichell went near to equaling it but failed to go further than 63 feet 6 inches. Razack's plunge is a record for the Club and his win was well applauded. Pereira caused laughter by raising his eyes above water to see how he was going, while J. Alves, diving deep, swam about 85 feet under water and then rose. His descent was too palpable—indeed, he meant it to be so.

FOUR LENGTHS (HANDICAP).

First Heat: The starters were:—J. W. Bains (go), J. H. R. Hanco (owes 2), C. F. Ozorio (owes 6), H. A. Lammer (owes 13), H. C. Sayer (owes 16), J. Wittichell (owes 20).

Bains led for two lengths but was then passed by Hanco and he retired shortly afterwards. Hanco went well and just ahead of J. Wittichell. Lammer was third. Hanco's time was 1 min. 52½ secs., while Wittichell covered the distance in about 1 min. 58 secs.—very good time. Wittichell to win in the final must break the Club's record.

SECOND HEAT:—O. M. S. Alves (owes 2), H. S. Holmes (owes 5), J. M. R. Pereira (owes 8), A. V. Barro (owes 12), N. H. Alves (owes 16).

C. Alves and Holmes made a good race of it for about three lengths when Holmes retired. Barro took command in the last lap, but N. H. Alves challenged him and, sprinting well, won by about half a yard. Time 1 min 39 secs. C. Alves and Pereira also gave up and watched the finish from the centre of the bath.

Football.

HONGKONG CLUB MEETING.

The members of the Hongkong Football Club held their annual general meeting at the Hongkong Hotel yesterday afternoon, Mr F. Brown presiding.

After remarking on the very good report for the past season the Chairman said that the rugby team had played a large number of games, and had done well, which was in a great measure due to the energetic playing of Mr H. F. Chard (captain). There was every prospect of the rugby team continuing its good work. The association team had also played a large

number of matches but had not won quite so many. Still, they could not always be expected to win, and they could congratulate their opponents on being a little better than themselves. They had had some very useful experience even in their defeats, which would serve them well for the coming season. The Club had not been sufficiently successful to win the shield; as they had not been for a number of years, but the shield had fallen into very good hands (hear, hear). The members of the Hongkong Football Club had always been ready to assist the executive in every way, and it was most creditable that when a new pavilion and dressing room was wanted, they came forward so rapidly and subscribed practically the whole amount required. Thanks were due to Mr C. H. Chard for all he had done in connection with the pavilion (hear, hear) and also the hon. secretary, Mr Crofton (hear, hear). The grandstand, as usual, had been blown down (laughter), and as usual, the order had been given to put it up (more laughter). The thanks of the members were due to the two Williams, Mr H. F. Chard and Mr W. C. Chard, for all they had done in connection with the pavilion (hear, hear) and also the hon. secretary, Mr Crofton (hear, hear). The grandstand, as usual, had been blown down (laughter), and as usual, the order had been given to put it up (more laughter). The thanks of the members were due to the two Williams, Mr H. F. Chard and Mr W. C. Chard, for all they had done in connection with the pavilion (hear, hear) and also the hon. secretary, Mr Crofton (hear, hear). The grandstand, as usual, had been blown down (laughter), and as usual, the order had been given to put it up (more laughter). The thanks of the members were due to the two Williams, Mr H. F. Chard and Mr W. C. Chard, for all they had done in connection with the pavilion (hear, hear) and also the hon. secretary, Mr Crofton (hear, hear). The grandstand, as usual, had been blown down (laughter), and as usual, the order had been given to put it up (more laughter). The thanks of the members were due to the two Williams, Mr H. F. Chard and Mr W. C. Chard, for all they had done in connection with the pavilion (hear, hear) and also the hon. secretary, Mr Crofton (hear, hear). Notices to Consignees.

NOTICE TO CONSIGNEES.
THE PENINSULAR & ORIENTAL
STEAM NAVIGATION CO.'S
STEAMER CHUSAN.
FROM DUNBAR, COLOMBO AND
STRAITS.

CONSIGNEES of Cargo by the above-named Vessel are hereby informed that their Goods are being landed and placed at their risk in the HONGKONG AND KOWLOON WHARF AND GODOWN COMPANY'S Godowns at Kowloon, where each consignment will be sorted out Mark by Mark, and delivery can be obtained as soon as the Goods are landed.
This Vessel brings Cargo:-
From London, &c., ex s.s. Britannia.
From Penang, &c., ex s.s. B. I. S. N.
and B. and P. S. N. Co's cargo. Unless instructions are given to the contrary before 4.30 P.M. To-day.
Goods not cleared by the 28th Inst., at 4 p.m., will be subject to rent.
No Fire Insurance will be effected by the Insurer.
Damaged packages must be left in the Godowns for examination by the Consignees and the Co's representatives at an appointed hour. All claims must be presented within ten days of the steamer's arrival here, after which date they cannot be recognized. No claims will be admitted after the goods have left the Godowns.
L. S. LEWIS,
Acting Superintendent.
Hongkong, September 21, 1905. 1796

BARBER LINE OF STEAMERS.

SELF CURE NO FICTION! MARVEL UPON MARVEL! NO SUFFERER NEED NOW DESPAIR,
but without running a doctor's bill or falling into the deep clutch of quackery, may easily, speedily and economically cure himself without the knowledge of a second party. By the introduction of a complete revolution has been wrought in this department of medical science, whilst thousands have been released from the grasp of disease who for years previously had been merely dragging out a miserable existence.
THERAPION NO. 1.—A Sovereign Remedy for discharges from the urinary organs, suppurating, infectious, and of every kind, and every other ailment arising from the system of structure and other ailments.
THERAPION NO. 2.—A Sovereign Remedy for primary and secondary ailments, eruptions, ulcerations, pains, swellings of the joints, and all those complaints which mercury and arsenic are regularly but erroneously supposed to cure. This preparation purifies the whole system through the blood and thoroughly eliminates all poisonous matter from the body.
THERAPION NO. 3.—A Sovereign Remedy for debility, nervousness, impaired vitality, sleeplessness, fatigue and incapacity for business or pleasure, loss of appetite, biliousness, pains in the back and head, and all those disorders resulting from early excess and excess which the faculty of periodically regenerating the system is unable to overcome. It is a complete tonic, and restores the system to its normal state.
THERAPION NO. 4.—A Sovereign Remedy for all ailments of the female system, and for the treatment of the most delicate and difficult cases. It is a complete tonic, and restores the system to its normal state.

Merchant Vessels in Hongkong Harbour.

Inclusive of late Arrivals and Departures reported to-day.

To facilitate finding the position of any vessel in the Harbour, the Anchorage is divided into eleven Sections, commencing from Green Island. Vessels near the Hongkong shore are marked A., near the Kowloon shore K., and those in the body of the Shipping of midway between each shore are marked S., in conjunction with the figures denoting the sections.

Section.

1. From Green Island to the Sea Works.

2. From Sea Works to the Harbour's Wharf.

3. From the Harbour's Wharf to the Harbour's Office.

4. From the Harbour's Office to the Market.

5. From the Market to Peddar's Wharf.

6. From Peddar's Wharf to the Naval Yard.

Section.

7. From Naval Yard to Blue Buildings.

8. From Blue Buildings to East Point.

9. From East Point to North Point.

10. Kowloon Wharves.

11. Jardine's Wharf.

Section.
